## CRIME AND CASUALTY.

### Capture of a Murderer—

A \$20,000 Thief Caught.

Louis Guetig, the Indianapolis Murderer, Preparing to Shuffle Off on Friday.

### A Louisville Man Pours Oil Over Himself and Sets Himself on Fire.

FIRE.

New York, Sept. 17.—Ex-Mayor Irwin's paint factory burned last night. Loss, \$30,000.

Marshall, Ia., Sept. 17.—Marshall grist mills burned yesterday. Loss \$16,000; insurance \$5,000.

### A MURDERER CAPTURED.

Cincinnati, Sept. 17.—John Sharp, who murdered Elder D. Y. Benjamin for endeavoring to protect the wife of Sharp from the abuse of her husband, at McArthur, O., a few days since, was yesterday captured near Charleston and lodged in jail.

### A \$20,000 THIEF.

Cincinnati, Sept. 17.—Detective Ried started this morning for Charleston, S. C., having in custody B. R. Caldwell, charged with embezzling \$20,000 from his employers, Parker & Co., of Charleston. The money has been expended in fast living.

### THE INDIANAPOLIS MURDERER.

Indianapolis, Sept. 17.—Yesterday, Judge Heller signed the warrant for the execution of Louis Guetig, and, under the order of the court, the sheriff is commanded to proceed at once with the necessary arrangements. The warrant also directs that the execution shall take place between the hours of 10 a. m. and 2 p. m., on Friday next, and the order will be carried into effect unless the supreme court intervenes, or the governor grants a respite or commutation. Yesterday Maj. Gordon, one of Guetig's attorneys, warned the condemned man that there was little or no hope of an interference, and begged him to be prepared for the worst, to which Guetig answered calmly, "I'll be ready." To the casual visitor Louis' appearance is unchanged, but yesterday the jail authorities noticed he was growing serious and meditative, and there was less of levity in his action and intercourse with his fellow prisoners. The priests of the Catholic church visit him daily, but they express little or no hope of bringing him to a proper view of his position.

### REMARKABLE SUICIDE.

Louisville, Sept. 17.—Frank H. Lensing, aged fifty years, residing at the corner of Twentieth and Madison streets, suicided at 9 o'clock this morning. He was alone in the house and poured kerosene oil over his clothes and set himself on fire. The smoke from the windows attracted the attention of the people in the streets, who ran to the room in the second story which looked broken. They found the man burned to a crisp. Lensing was formerly a well-known grocer and has been sick for the past year.

### Mr Hayes Recites His Little Speech at Youngstown.

Youngstown, Sept. 17.—The presidential party left Cleveland for Youngstown on a regular train via the Atlantic and Great Western Railroad, at about 7 o'clock this morning. The party were accompanied by a large number of the most prominent citizens and officials of Cleveland and about fifty survivors of the presidents' old regiment—the 23rd Ohio. En route the president passed through the train shaking hands and talking familiarly with the different members of his regiment. At Solon, the first stop after leaving Cleveland, a large crowd had gathered to catch a glimpse of the president and Gen. Sherman, both of whom appeared on the platform of the car.

At Eastburg the party were met by the reception committee, composed of the most prominent men of Mahoning county. An immense crowd had assembled.

### At Warren as the train pulled into the depot a salute was fired. The president appeared at the rear door in his car and bowed to the crowd as the train moved slowly out of the depot.

At Niles a very large crowd was in waiting and a salute was fired. Immense crowds were in waiting for the excursion train, which closely followed the regular train at all stations between Youngstown and Cleveland. It seems as if the Mahoning Valley was emptying its population into Youngstown to do honor to the distinguished visitors. At Youngstown a salute was fired as the train drew into the station. The president and party were met at the depot with a guard of honor, composed of members of his old command, and escorted to the public square, where the president was introduced by Capt. Bottsford, of the 23rd regiment.

Mr. Walter D. Campbell, of the Register and Tribune, delivered an address of welcome.

The president responded in a brief speech, as follows:

"I am informed by the program of the committee that the principal speaking is to occur this afternoon. I am therefore very promptly said. I therefore will detain you with no extended remarks on any of the topics mentioned in the address to which we have just listened. It is very gratifying indeed to be welcomed by an audience almost as large as this, and I am sure that what I shall say here will be very promptly said. Indianapolis will have a hanging on Friday.

Mr. Sumner Mauns, proprietor of the Olean Mills, died on Sunday afternoon, after a lingering illness.

The colored camp-meeting, at Danville, closed last Sunday night with a grand walk-around at the tabernacle.

A county temperance convention will be held at Huntington on Saturday the 27th. Francis Murphy will be present.

Alexander Lockwood, of Salem, was found dead in the street last Sunday night. The cause of his death was heart disease.

The Clinton county fair opened last Monday at Frankfort, with the largest number of entries and the best display since its existence.

The new Catholic church, of Rainbridge, was dedicated last Sunday by Bishop Chatard, of Indianapolis, assisted by Father Hogan.

C. Reeves, son of Justice Reeves, one of the most highly-respected citizens of Seymour, longed his father's name for \$40, and then ran away.

Nicholas Buechler, aged 37, in a fit of epilepsy, fell into a small stream and was drowned, near Jasper. When found the hogs had eaten all the flesh off his legs.

The Drown murder trial is now about closing. There has been intense interest in Martinsville ever since its commencement, and all business matters seemed to be secondary.

Flora Flights, a young man of Martinsville, was shot and instantly killed, last Sunday night, by Con. Lander, a bartender of J. M. Keek's saloon. There was an old feud between the two parties. Lander is under arrest and in jail.

Louis Guetig, the murderer of Mollie McGlew, is under sentence to be hung next Friday, at Indianapolis. An appeal has been made to the supreme court, and his attorneys have filed a voluminous brief and other papers in the clerk's office. Eight points of error are claimed, but the chief reliance for reversal is upon the impeaching of the jury and the manner of stating the hypothetical case for the state. The brief, which was prepared by Maj. Gordon, is very lengthy, and a respite will be asked for if it is considered that three days are insufficient time for the court to consider the points of law involved in the case. It is generally believed that a respite will be asked and granted. Guetig is as indifferent to his fate as ever. He is reported to have said: "I believe all men have a certain time to live, and if my time is set for Friday I will die as bravely as the men who went before me. I lose no sleep or appetite upon the hanging, and want no respite. If I must eventually hang I would just as readily go on Friday as a week later, but all hell can't make me believe that I'm going to hang. The hanging don't trouble me in the least. What does worry me is getting out of here—a weary hole."

## SPORTING NOTES.

Base ball: Buffaloes 2, Troys 1. Parole is largely backed at 20 to 1 against him for the czarowitz stakes October 7th.

The race between Morris and Smith, set for Tuesday, was postponed on account of a storm.

The fall meeting of the National Rifle Association opened at Creedmore on Tuesday by a grand cannonade and fusillade.

An archery tournament will be held at the Zoological Garden, Cincinnati, October 3rd and 4th, open to all clubs in Ohio. Sixty entries have already been made.

A three mile scull race with turn, stakes \$250 a side, has been arranged between Fred A. Plasted and Jacob Gardeau. It takes place on the 27th, the water yet to be selected.

The challenge from Wallace Ross to row Warren Smith, revives the charges of crookedness made against him after his recent defeat by Smith and they find now more ready acceptance.

The Chicago Jockey Club meeting began Tuesday with fine weather and good track, but moderate attendance.

## SUMMARY.

2:40 class:  
Wm. H. (favorite) 1 1 1  
George O'Connell 2 2 2  
Widger 3 3 3  
Frances 4 4 4  
Headlight 5 5 5  
Forest Gold Dust 6 6 6  
Black Prince 7 7 7  
Silver Dove 8 8 8  
Marshall Boy 9 9 9  
Time, 2:39 1/2, 2:41, 2:43 1/2.

2:25 class:  
Monroe Chief 1 1 1  
McCurdy's Hamiltonian 2 2 2  
Champion Girl 3 3 3

Ada Paul 5 5 5  
Warrior 6 6 6  
Time, 2:24 1/2, 2:25 1/2, 2:26 1/2.

A bad smash up occurred in the first heat of this race. Ada Paul broke just after leaving the wire, and plunging to the pole ran into Monroe Chief's sulky, causing him to turn and collide with Warrior, and the three sulkeys were consequently wrecked, though without injuring the horses or drivers. Another start was allowed and the race was finished without further accident.

## Yellow Fever Notes.

Cincinnati will raise its quarantine on Thursday, sixty days from the date of its establishment. There has not been a case of yellow fever there since July 20th. Before that time there had been six imported cases, one fatal.

The quarantine against New Orleans has been raised at all Mississippi River ports, except Vicksburg.

Twenty-three new cases, eleven white and twelve colored, were reported at Memphis Tuesday. Among the deaths were Robt. Goe, Geo. E. Ware, Maria O'Donnell, Dan E. Sullivan, Richard Sharp and Joseph Sharp, two brothers. Both had sought refuge at a house six miles east of the city. Several died

in the same house last year and four have been buried from there this season. The fever is gradually spreading in the country about Memphis. John Kreuten died at Horn Lake Island of the fever, and a Mr. Krenke is ill at that place with it. Two other cases have also been developed outside the city, one eight miles on the Mississippi and Tennessee railroad, the other eleven miles on the Paducah road. The Howards received \$224,76, \$1,000 of which was from the Chicago citizens' committee. The state decided to adhere to rule 6, prohibiting the introduction of cotton into Memphis until the epidemic declines. The rule was adopted instructing the superintendent of quarantine to issue passes to persons in Memphis desiring to go out into the country to seek work in picking cotton only on condition that such persons shall go into camp and there remain for ten consecutive days prior to going to the fields or other places of employment. Resolutions were adopted to enforce rule 8 in regard to public assemblies until October 1st, when it will terminate by limitation.

## LABOR.

The Molders and the Ohio Falls Car Company—Action of Furniture Manufacturers and Cabinet Makers at Louisville.

The difficulty between the Ohio Falls Car Company and the molders has been amicably settled. The molders resume work at \$2.25 per day, subject to certain conditions.

The cabinet makers employed in the Louisville furniture factories met, Sunday night, and decided to demand an advance of 16 percent on account of the general improvement in business.

Committees were appointed to visit the various proprietors.

Monday night those committees met and reported that all the manufacturers visited had seemed willing to make the advances if furniture men in other parts of the country did the same thing.

Tuesday morning a meeting of the principal furniture manufacturers was held and they decided to issue the following address:

We are willing to advance wages as far as furniture manufacturers north, south, east and west agree to advance. We recommend our cabinet makers to confer with all competing interests so as to ascertain the general trade. Without a uniform action all over the country an advance on our part would be suicidal to our interests and to the cabinet makers as well.

It remains to be seen how the workmen will receive this proposition. The movement has not yet assumed the form of a strike, though it may develop into one.

## THE INDIANS.

The Ute Refuse to Do Any More Farming and Threaten a Disturbance—The Whites, of Course, the Aggressors.

On the 10th inst. Agent Meeker, at White River Agency, wrote Gov. Pitkin a letter stating that the Ute Indians objected to doing any more farming, and that Chief Johnson had assaulted him, driving him from his house; that he had conferred with other chiefs and that they laughed at the assault, agreeing that he (Meeker) might proceed with ploughing, but that they would do no more. Meeker says he feels that none of the whites are safe, and has no confidence in the Indians since this letter. Reports have reached Cheyenne that the agency buildings have been burned and that the Indians are raiding along White and Bear Rivers. No definite reports of a murder being committed as yet received. Troops have been ordered to the agency. It is supposed that the prospecting and mining in North Park, which is the hunting ground of the Utes, have excited the outbreak.

## General Railroad News.

It is rumored that Jay Gould has obtained control of the Hannibal and St. Joseph and Denver and Rio Grande Railroads, and that the real object of his present western trip is to inspect these lines. It is further said that he has gained a large interest in the Chicago, Rock Island and Pacific.

Much complaint is made by members of the New York Produce Exchange at the action of trunk line railroads running from Chicago east. It is claimed that upon all bills of lading is stamped the assertion that the right of sending freight by any line is reserved. Thus, brokers say, railroads are able to delay the arrival of shipments several hours.

## FIRES.

A block and a half in Hastings, Neb., burned. Two hotels, one bank, one printing office and one elevator are among the buildings destroyed. Loss estimated at \$100,000; partly insured.

Rindskopf's distillery, two miles from Milwaukee, burned. It had been idle for some time, but was being fitted up for the resumption of business. The buildings cost \$60,000; present value, \$30,000; insured for \$16,000.

## ELIDA.

A Highly Moral and Virtuous Ohio Village.

[Correspondence of the Sentinel.] Elida, O., Sept. 16.—Elida is a small village of about 300 inhabitants, situated on the Pittsburgh, Fort Wayne and Chicago Railroad, just east of Delphos. It contains no saloons, or any other places where intoxicating liquors can be obtained except for a medical purpose. Mr. Charles Rice is the only druggist in the place, and is well acquainted with every body, and he says no one would be able to get liquor from him except for medical purposes. Elida also boasts that she has no houses of prostitution. The people are thoroughly temperate and moral. Several saloon men have attempted to carry on business here but after staining the virtuous shores of the temperance people a month or two have given up in despair. Elida has a grain elevator, two grocery stores, one dry goods store, one drug store and several boot and shoe stores, and the people, as a whole, believe they are receiving their share of good fortune.

## A Lady's Wish.

"Oh, how I do wish my skin was as clear and soft as yours," said a lady to her friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters," that makes pure rich blood and blooming health. It did it for me, as you observe."

## Cuticura

From a Hon. Wm. Taylor, State Senator of Massachusetts.

Mass. Weeks & Potter, Gentlemen—To say that I am grateful, is only a poor expression of my feelings, but it is the best word I can use, for I feel it in every sense of the word. I have been a great sufferer with skin diseases for the last twelve (12) years. My head and face being covered with sores, I could not rest with the burning heat and itching of the pores affected, and was confined to my house for weeks at a time. My disease has been called Eczema, of a most aggravated type, by many physicians, but I found it ever and over understood by any of them. It was more like a combination of several skin diseases. I have spent much money seeking relief, and in 1871 I went to Europe and consulted some of the best physicians in London. I received temporary relief only, for in the spring it would break out again as bad as ever. When I came back to Boston, I was told by many friends that Dr. Williams' Pink Pills for Pale People was of the highest order, and I tried it. I followed his advice for six months, but I can only say, without any improvement. I tried other physicians, and among them Dr. — of East Boston, and Dr. — of city proper, but all to no purpose. They did not know that the remedies were so ineffectual that at no time did I feel that a cure would result from them.

I have swallowed five hundred arsenic pills, 5.20 grain, and taken bottle after bottle of internal remedies, besides all the external applications I have used, but the effect was the same. I became satisfied that I could not be cured, but might be kept from getting worse.

Now, about three months ago, Mr. Meeker, a gentleman well known to Boston people, called my attention to your CUTICURA, and promised wonderful results if I would only make a trial. He told me of his own experience with it, and so I purchased one on me that I went with him to a drug store and bought two large boxes of CUTICURA, and some Cuticura Soap, and commenced to use it accordingly, to the directions. There was so much pain, and so much itching within the skin, that as soon as I commenced the use of CUTICURA I came to the surface and festered, until vast quantities had come out and greatly intensified my sufferings for about two weeks. But I did not mind this, as I felt that I was going to get rid of the humor when I saw it coming to the surface in such large quantities. After the first two or three weeks' use of this remedy, I was greatly encouraged by a gradual lessening of the inflammation of a number of painful sores. I carefully followed the directions, and the directions of the letter, and using your Cuticura, until at the present moment, after three months' use of CUTICURA, and twelve years of constant suffering, as was ever endured, I can say that I am cured, and pronounce my case the most remarkable on record. I have been so elated with my success that I have stamped out on the street who were afflicted, and told them to get the CUTICURA and it would cure them. This is why I am so grateful to you, for I believe it to be the best and greatest discovery of the age, and that it will cure all who are suffering with these diseases. I may add that I took no internal medicine but the CUTICURA. I am, Sir, WILLIAM TAYLOR.

Boston, Aug. 22, 1878.

It is generally believed that a respite will be asked and granted. Guetig is in indifferent to his fate as ever. He is reported to have said: "I believe all men have a certain time to die, and if my time is set for Friday I will die as bravely as the men who went before me. I lose no sleep or appetite upon the hanging, and want no respite. If I must eventually hang I would just as readily go on Friday as a week later, but all hell can't make me believe that I'm going to hang. The hanging don't trouble me in the least. What does worry me is getting out of here—a weary hole."

## SPORTING NOTES.

Base ball: Buffalos 2, Troys 1.

Parole is largely backed at 20 to 1 against him for the czarowitch stakes October 7th.

The race between Morris and Smith, set for Tuesday, was postponed on account of a storm.

The fall meeting of the National Rifle Association opened at Creedmore on Tuesday by a grand cannonade and fusillade.

An archery tournament will be held at the Zoological Garden, Cincinnati, October 3rd and 4th, open to all clubs in Ohio. Sixty entries have already been made.

A three mile scull race with turn, stakes \$250 a side, has been arranged between Fred A. Planted and Jacob Gardour. It takes place on the 27th, the water yet to be selected.

The challenge from Wallace Ross to row Warren Smith, revives the charges of crookedness made against him after his recent defeat by Smith and they find now more ready acceptance.

The Chicago Jockey Club meeting began Tuesday with fine weather and good track, but moderate attendance.

A bad smash up occurred in the first heat of this race. Ada Paul broke just after leaving the wire, and plunging to the pole ran into Monroe Chief's sulky, causing him to turn to collide with Warrior, and the three sulkeys were consequently wrecked, though without injuring the horses or drivers. Another start was allowed and the race was finished without further accident.

## Yellow Fever Notes.

Cincinnati will raise its quarantine on Thursday, sixty days from the date of its establishment. There has not been a case of yellow fever there since July 20th. Before that time there had been six imported cases, one fatal.

The quarantine against New Orleans has been raised at all Mississippi River ports, except Vicksburg.

Twenty-three new cases, eleven white and twelve colored, were reported at Memphis Tuesday. Among the deaths were Robt. Jobe, Geo. E. Ware, Maria O'Donnell, Dan E. Sullivan, Richard Sharp and Joseph Sharp, two brothers. Both had sought refuge at a house six miles east of the city. Several died

in the same house last year and four have been buried from there this season. The fever is gradually spreading in the country about Memphis. John Kreuten died at Horn Lake Island of the fever, and a Mr. Krenkle is ill at that place with it. Two other cases have also been developed outside the city, one eight miles on the Mississippi and Tennessee railroad, the other eleven miles on the Paducah road. The Howard family, residing at \$2,244.75, \$1,000 of which was from the Chicago citizens' committee. The state decided to adhere to rule 6, prohibiting the introduction of cotton into Memphis until the epidemic declines. The rule was adopted instructing the superintendent of quarantine to issue passes to persons in Memphis desiring to go out into the country to seek work in picking cotton only on condition that such persons shall go into camp and there remain for ten consecutive days prior to going to the fields or other places of employment. Resolutions were adopted to enforce rule 8 in regard to public assemblies until October 1st, when it will terminate by limitation.

## LABOR.

**The Molders and the Ohio Falls Car Company—Action of Furniture Manufacturers and Cabinet Makers at Louisville.**

The difficulty between the Ohio Falls Car Company and the molders has been amicably settled. The molders resumed work at \$2.25 per day, subject to certain conditions.

The cabinet makers employed in the Louisville furniture factories met Sunday night, and decided to demand an advance of 15 percent on account of the general improvement in business.

Committees were appointed to visit the various proprietors.

Monday night those committees met and reported that all the manufacturers visited had seemed willing to make the advances if furniture men in other parts of the country did the same thing.

Tuesday morning a meeting of the principal furniture manufacturers was held and they decided to issue the following address:

We are willing to advance wages as soon as all furniture manufacturers north, south, east and west agree to advance theirs. We recommend our cabinet makers to confer with all competing interests so as to ascertain the sense of the industry. Without a uniform action all over the country, an advance on our part would be suicidal to our interests and to the cabinet makers as well.

It remains to be seen how the workmen will receive this proposition. The movement has not yet assumed the form of a strike, though it may develop into one.

## THE INDIANS.

**The Ute Refuse to Do Any More Farming and Threaten a Disturbance—The Whites, of Course, the Aggressors.**

On the 10th inst. Agent Meeker, at White River Agency, wrote Gov. Pitkin a letter stating that the Ute Indians objected to doing any more farming, and that Chief Johnson had assaulted him, driving him from his house; that he had conferred with other chiefs and that they laughed at the assault, agreeing that he (Meeker) might proceed with ploughing, but that they would do no more. Meeker says he feels that none of the whites are safe, and has no confidence in the Indians since this letter. Reports have reached Cheyenne that the agency buildings have been burned and that the Indians are raiding along White and Bear Rivers. No definite reports of a murder being committed are yet received. Troops have been ordered to the agency. It is supposed that the prospecting and mining in Northern Park, which is the hunting ground of the Utes, have excited the outbreak.

## General Railroad News.

It is rumored that Jay Gould has obtained control of the Hannibal and St. Joseph and Denver and Rio Grande Railroads, and that the real object of his present western trip is to inspect these lines. It is further said that he has gained a large interest in the Chicago, Rock Island and Pacific.

Much complaint is made by members of the New York Produce Exchange at the action of trunk line railroads running from Chicago east. It is claimed that upon all bills of lading is stamped the assertion that the right of sending freight by any line is reserved. Thus, brokers say, railroads are able to delay the arrival of shipments several hours.

## Fires.

A block and a half in Hastings, Neb., burned. Two hotels, one bank, one printing office and one elevator are among the buildings destroyed. Loss estimated at \$100,000; partly insured.

Rindskopf's distillery, two miles from Milwaukee, burned. It had been idle for some time, but was being fitted up for the resumption of business. The buildings cost \$30,000; present value, \$30,000; insured for \$16,000.

## ELIDA.

**A Highly Moral and Virtuous Ohio Village.**

[Correspondence of the SENTINEL.] Elida, O., Sept. 16.—Elida is a small village of about 30 inhabitants, situated on the Pittsburgh, Fort Wayne and Chicago Railroad, just east of Delphos. It contains no saloons, or any place where intoxicating liquors can be obtained except for a medicinal purpose. Mr. Charles Rice is the only druggist in the place, and is well acquainted with every body, and he says no one would be able to get liquor from him except for medicinal purposes. Elida also boasts that she has no houses or women bad repute. The people are thoroughly temperate and moral. Several saloons were once situated here, but after standing the violent storms of the temperance people a month or two have given up in despair. Elida has a grain elevator, two grocery stores, one dry goods store, one drug store, one shoe store, and shoe stores, and the people, as a whole, believe they are receiving their share of good fortune.

## A Lady's Wish.

"Oh, how I do wish my skin was as clear and soft as yours," said a lady to her friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters," that makes pure rich blood and blooming health. It did it for me, as you observe."

## Cuticura

From J. E. HON. W. TAYLOR, State Senator, Boston, Mass.  
Messrs. WEEKS & POTTER: Gentlemen—To say that I am grateful, is only a poor expression of my feelings, but it is the best word I can use for I feel it every day of the word. I have been a great sufferer with skin diseases for the last twelve (12) years. My head and face being covered with sores, I could not rest with the burning heat and itching of the parts affected, and was confined to my house for weeks at a time. My disease has been called Eczema, of a most aggravated type, by many physicians, but I doubt if ever fully understood by any of them. It was more like a combination of several skin humors. I have spent much money seeking relief, and in 1871 I went to Europe and consulted some of the best physicians in London. I received temporary relief only, for in the spring it would break out again, as bad as ever. When I came back to Boston, I was told by many friends that Dr. Williams' (whose reputation for the cure of these diseases was of the highest order) had cured me. I followed his advice for six months, and I can safely say without any improvement. I tried other physicians, and among them Dr. East Boston, and Dr. of city proper, but all to no purpose. They did not see that their remedies were so inefficient that at no time did I feel that a cure would result from them.

I have swallowed five hundred arsenic pills, 520 grain, and taken bottle after bottle of internal remedies, besides all the external applications I have used, but the effect was the same. I became satisfied that I could not be cured, but might be kept from getting worse.

Now, about three months ago, Mr. Meeker, a gentleman well known to Boston citizens, called my attention to your CUTICURA, and promised wonderful results if I would only make a trial. He told me of his own experience with it. He said so much on me that I went with him to a drug store and bought two large boxes of CUTICURA, and some CUTICURA SOAP, and commenced to use it. I followed the directions. There was so much humbug, or longed within the skin, that as soon as I commenced the use of CUTICURA, to the surface and festered, until vast quantities had come out and greatly intensified my sufferings for about two weeks. But I did not mind this, for I felt that I was going to get rid of the humor when I saw it coming to the surface in such large quantities. After the first two or three weeks' use of this remedy, I was greatly encouraged by a gradual lessening of the inflammation of a number of painful sores. I carefully followed the directions of the letter, feeling each week nearer a cure, and now, after three months' use of CUTICURA, and twelve years of as constant suffering as was ever endured, I can say that I am cured, and pronounce my case the most remarkable on record. I have been so elated with my success that I have stopped on the street who were afflicted, and told them to get the CUTICURA and it would cure them. This is why I am so contented to you, for I believe it to be the best and greatest discovery of the age, and that it will cure all who are suffering with these diseases. I may add that I took no internal medicine, but the CUTICURA, I feel sure, WILLIAM TAYLOR, BOSTON, Aug. 22, 1878.

## FORT WAYNE Water Works.

Notice to Contractors.

Sealed proposals will be received by the trustees of water works of the city of Fort Wayne, Ind., at their office in said city, until Thursday, the 18th day of September at 12 o'clock noon for constructing an artesian reservoir, containing approximately 150,000 cubic yards of embankment, 3,000 cubic yards of clay puddle and 22,000 brick. Bids will also include the laying of all influent and effluent pipes and the setting of all gates, valves and vaults in connection with said reservoir. The city will furnish earth for embankments, gates and valves. All other material to be furnished by the contractor.

Also for furnishing all materials excepting pipes, gates, castings and constructing two or more supply wells, each involving approximately 300 cubic yards of excavation and 15,000 brick.

Also furnishing and putting in place one pumping engine capable of pumping 3,000,000 gallons in 24 hours, to be provided with compound or condensing steam cylinders, and one non-condensing engine with capacity to pump 2,000,000 gallons of water in 24 hours. Also four boilers including engine foundations and boiler settings.

Also one engine house having a floor area of 2,000 square feet; also boiler house and coal house of suitable size.

Detailed drawings can be seen at the office of J. D. Cook, room 48 Produce Exchange, Toledo, O., from and after September 11th, at which date specifications and forms of contract will be furnished.

The trustees reserve the right to reject any or all bids, and to make such changes or diminution in plans or quantities as may be deemed for the best interest of the city.

## THE JOHNSON CASE.

Mayor Zollinger Fines the Defendant \$100 and Costs.

He is Rearrested and Gives Bail—Threats of Mob Violence.

A Disgusting State of Affairs Shown by the Evidence—What Johnson Says.

The report of the arrest of Elias Johnson, the rag and tin ware dealer, on a charge of indecency, caused much excitement. The arrest was made by Officer Diehl at the rag shop. Johnson had been keeping very shy, in order to avoid the fathers of the girls whom he is alleged to have tampered with. He was taken to the office of Mayor Zollinger where he entered a plea of guilty. Robert Stratton appeared as attorney and objected to the hearing of evidence; but the mayor concluded to hear the testimony.

Three little girls named Nellie Cramer, Little Fisher, and Lizzie Johnson were placed upon the stand and testified that they had been

ENTICED BY JOHNSON

into his shop by small sums of money, candy, etc., repeatedly during the past six or nine months, and that when in the shop, Johnson had exposed his person to them in a most shameful and disgusting manner, and that he had taken the most indecent liberties with their persons. The details are unfit for publication.

Little Emma Sanford, daughter of the defendant, was placed on the stand, but broke down with sobs and tears, and as the testimony was sufficient she was excused.

During the trial

AN EXCITING INCIDENT

occurred. Mr. Cramer, brother of one of the girls, became so enraged while hearing his daughter's statements that he

REACHED FOR A REVOLVER

with the purpose of shooting Johnson. The bystanders interfered, however, and Johnson's carcass was saved.

The mayor assessed a fine of \$100 and costs against Johnson, and said he regretted that the law did not provide for a heavier penalty. Johnson paid the fine and cost amounting to \$117, and was at once rearrested on a state warrant for assault and battery. He left with Officer Falke to jail, and at the bottom of the stairs they were met by Cramer, who made another motion to shoot Johnson, but Falke stepped between the men and

HURRIED THE PRISONER AWAY.

At the corner of Clinton and Berry streets another one of the indignant fathers was met. He was with a crowd, and as it became evident that violence was contemplated Falke hastened away, and at the corner of Barr and Berry streets confiscated an unoccupied buggy, which was standing there, and succeeded in getting Johnson out of the road of what

WOULD HAVE SOON BEEN A MOB.

Johnson gave a bond for \$200, with Robert Stratton as security, for his appearance at 9 o'clock this morning before Zollinger. He was then released.

This morning, at the appointed hour, Johnson appeared and the case was postponed until 3 this afternoon. This man is certainly in much danger of his life. One of the aggrieved fathers said to a SENTINEL reporter, (with a request that his name be withheld):

"We want to see if the law will adequately punish this man, and shall prosecute him to the fullest extent. If the law does not do him justice, we propose to. I hope he will leave this town, for if he doesn't I would not give two cents for his life."

We don't want to break any law of shed any blood, but if Johnson crosses either of our paths he will be killed like a dog. It has been suggested that the best thing to do with him would be to take him and

PERFORM A SURGICAL OPERATION

upon him which would shut off his beastly passions. If he isn't killed and he doesn't go away, this will be his fate."

All the testimony that can be obtained shows that Johnson did not attempt to do more than make the exposures, and take the liberties already referred to.

The defendant himself says little. He claims that he is innocent, that his prosecution is purely malicious and that the testimony against him is perjured.

He threatens when his time comes to "MAKE IT HOT"

for certain persons in the way of suits for damages, etc.

At noon to-day it was rumored that Johnson had left town on a morning train. It was also stated that he had received an anonymous letter telling him if he did not leave the city within twenty-four hours he would be a dead man.

LATER.

This afternoon Johnson was fined \$25 and costs, amounting in all to \$36, for assault and battery.

A Query.

Mr. Lyne, in his communication in the SENTINEL of Monday evening referred to Mr. Hamilton as having advocated the lottery scheme; said "the Catholics had realized well on lotteries," etc. Did the Catholics ever agree, when they gave lotteries, that no prize should be less than \$1 and afterwards distribute 15-cent Satisfaction Bouquet?

NEX VOTICA.

Gulled by a Female Canvasser.

Several weeks ago, a glib, smooth-tongued woman canvassed this city and obtained a large number of subscribers to the Family Herald, a journal

alleged to be published by True & Co., at Augusta, Mo. She offered the paper for sixteen months for one dollar and two chromos thrown in. She induced a good many women to subscribe; but, although considerable time has elapsed, no copies of the Family Herald have been received and the victims have given up the expectation of seeing it. They paid their little dollars in advance.

## DUNLAP'S DOSE.

An Old Sinner Peppas E. T. Catlin With Bird Shot.

Disgusting State of Affairs in an East End Dive.

Yesterday afternoon E. T. Catlin appeared in the mayor's office with a face looking like a flour sieve. The appearance of his face was mostly owing to the painful presence of about one-half ounce of bird shot, deposited by a shot gun in the hands of Griffith Dunlap, the venerable father and proprietor of Ida Dunlap, esq. (no, not, eq.) It appears that Mr. Catlin wanted to see Miss Ida, and Mr. D. didn't want Catlin to see her, and in order to convince Catlin that he wasn't wanted, Dunlap was forced to administer a dose of bird shot, which the same they took effect as aforesaid. The warrant made out upon Catlin's affidavit was for assault and battery with intent to kill. The case is to be heard this afternoon at 3 o'clock.

The Dunlap in question was about a week ago implicated in a case in police court, wherein the officer testified that he called at the Dunlap mansion and found Dunlap, sr., Dunlap, jr., aged seventeen, and Miss Ida, aged twenty-two, all occupying the same bed together.

Dunlap, sr., was troubled with rheumatism and couldn't be brought up. Miss Dunlap was otherwise indisposed and in fact the whole Dunlap family seemed to be in such a fix as not to be able to appear in court. The supposition, however, is that they will be on hand this afternoon.

## A SAVAGE BEAST.

A Little Girl Terribly Bitten by a Bull Dog.

She is Disfigured for Life—The Animal Hidden Away.

Yesterday morning between 8 and 9 o'clock, the little daughter of Michael Finney, who lives on Melita street, and works in the Wabash blacksmith shop, was attacked by a savage English bull dog, belonging to a Mr. Kretzer, living directly opposite.

The little girl, who is but six years of age, was on the sidewalk in front of her home, when the dog suddenly sprang upon her, threw her down and bit her terribly about the face. Her cries for help brought her mother and some of the neighbors, who succeeded in driving the dog away and rescuing the girl. She was terribly bitten and is badly disfigured for life.

Complaint was made before the mayor, who issued an order for the killing of the dog. Officers McCann and Quinn were sent to do the job, but they found that the vicious brute had been taken away, and the animal could not be found. Young Kretzer undoubtedly hid the dog. Last night he was arrested by Officer Connors and taken to the station house, but there being no charge against him he was released. It is said that the dog has long been a terror to the people on Melita street.

## THIERS TALKS.

A Bold Female Aeronaut Has Something to Say.

Her Experience Up Among the Clouds.

Learning that Madame Thiers, the aeronaut, who is to make one of the ascensions at the Northern Indiana Fair, was quartered at the Mayer House, a SENTINEL reporter was dispatched to obtain an interview with her.

Upon arriving at the Mayer House, the reporter was informed that Madame Thiers was at the Academy of Music. Repairing thither, the reporter found her busily engaged in superintending important repairs on her balloon, which was injured at her last ascension. Madame Thiers graciously received the reporter and stated that she had made twenty-three ascensions prior to the projected one. She has been engaged in her present line of business for the past four years, and always has made her ascensions alone with one exception, when she ascended in company with Prof. Harry Gilbert, her present colleague. Her balloon has a capacity of 60,000 feet, and is made of the finest material on the market.

Last summer she made an exhibition ascension from the Zoological Garden in Cincinnati, on which occasion she was accompanied by a baby lion.

The highest ascension she ever made, was about three miles.

Last September she had a race with Harry Gilbert and a Mr. Hayden, in which she won.

This is supposed to be the only instance where aeronauts conversed at a height of two miles and at a distance of over one mile, with each other.

Mr. Gilbert on this occasion was accompanied by Mr. A. H. Coffie, of Muncie, who will be present at the ascension next week. A lengthy conversation was carried on at a distance of over a mile.

Madame Thiers states that the most distinct sound which can be heard from the earth is the barking of dogs.

Mr. Gilbert stated that he had made sixty-eight ascensions, and with the exception of a few bruises had never been injured.

In his meanderings to-day, our worthy reporter happened to drop in to the popular tailoring parlors of A. Foster, No. 80 Calhoun street. Here the reporter's optics were met on all sides by a bewildering array of fancy fall suitings. It would be impossible to convey to our readers any idea of the endless variety of fancy piece goods found here. Suffice it to say that A. Foster has the finest stock in the city and enjoys a deserved popularity on account of his matchless fits. We would advise our readers to call and see him. 9,17

Cured for \$2.00. I think it but due to the New Medical Compound, and also to the public, that I make this statement. The doctors called my disease consumption. I was an invalid for one year, so weak were my lungs that I was unable to leave my house, as a great number of my friends know, and but for this medicine I would, no doubt, have been in my grave soon. I am now able to do hard work of almost any kind. I have great confidence in this New Medical Compound, and I cheerfully recommend it to all suffering from lung disorders. Yours, C. H. WILSON. Fort Wayne, Ind., Sept. 1, 1879.

The torridity of the atmosphere is gradually taking a tumble to itself, and the first forerunners of the frigid season are here in the shape of those frosts which occur almost nightly. To the average Fort Wayneite the frequency of these frosts suggest the idea that he had better "shove" his ice cream apparel and insert himself in garments better fitted to withstand the icy blasts of winter. But with the suggestion comes the query, "How shall I replace them?" Here, now, is a genuine dilemma, but happily there is an adequate remedy; and you, "gentle high-born reader," if you are in such a predicament, rise immediately and go to Joe Clark, the popular merchant tailor. In him you will find a friend who will allay all your anxieties as to where you shall get comfortable clothes. 9,16
